PROJECTS

MyPortfolio | HTML, CSS, JavaScript
Designed and developed a responsive **personal portfolio website** showcasing my skills, experience, and projects.
- Created 5 structured sections: **Home**, **About**, **Projects**, **Skills**, and **Contact**.
- Integrated smooth scrolling and interactive UI using JavaScript.

StopWatch | HTML, CSS, JavaScript
Built a functional **stopwatch web application** to track elapsed time with a simple and clean interface.
- Features include **Start**, **Stop**, and **Reset** functionality.
- Focused on performance optimization and UI simplicity.

Pickify Shopping Website | MongoDB, Express.js, React.js, Node.js
Built a full-stack e-commerce web app with user login, cart, wishlist, and admin management features.
- JWT-based user authentication and protected routes
- Product filtering, search, and dynamic cart operations
- Admin panel for managing users and inventory.
- Responsive UI with React.js and secure API using Express.js

MedicPlus | HTML, CSS, JavaScript, Bootstrap, PHP, SQL
Developed a responsive website for browsing and purchasing medicines with a dynamic PHP-MySQL backend.
- Integrated **PHP & SQL backend** for dynamic content and secure user interaction.
- Designed with **Bootstrap** for responsive and modern UI layout.
- Included sections for **product search**, **usage guidance**, and **health education tips**.
- Focused on improving accessibility and awareness in digital healthcare.
